

Look What I Found!

Here's a fun activity for you after listening to the ***Dorktales Storytime Podcast on Ruth Asawa***. Experiment with new materials to create an image that represents something you love about the place where you live. Use ordinary materials you find around the house or classroom—scraps of yarn, rubber bands, pages from old magazines, leaves—to create your artwork below. Have fun!

(Use the back if you need more space.)
